Monday, February 26th our undefeated 10U Trojans faced off against the undefeated Bucks in a winner-takes-all County championship game.

The game was intense! There was an undeterred look in our Trojans eyes and a hunger that was unmatched! The first half was a battle of sheer will. Each team was met with solid defense, turnovers, and a contender for every rebound.

In the second half, our Trojans began to pull away and take a lead, but not without a few mistakes. Once the crowd got involved and the bleachers began shaking, our boys found their pace and defeated the Bucks 23-18 making them this year's Alamance County 10U Boys Basketball Champions!

Green Level Parks and Recreation wants to congratulate Coach Justin Clayton and his team for all their efforts, making Alamance County history and for their admirable representation of Green Level all season!

A.C.C Groundbreaking for Public Safety Training Center

Pictured are: (Front row) Councilman Jose McBroom, Former Mayor Billy Tarpley, Former Mayor Sandra McCollum, Mayor Pro-Tem Patricia Jones, Mayor Remonia Enoch, Councilwoman Stephanie Enoch. (Back row) Former Mayor Algean Tarpley, Councilman Michael Trollingier, Dr. Ken Ingle, Dr. Algje Gatewood, Former Mayor Carissa Graves-Henry

Alamance Community College President Dr. Ken Ingle presided over his first groundbreaking event on February 23rd to celebrate the upcoming construction for a new Public Safety Training Center and Firing Range.

ACC's new Training Center and Firing Range will be the only such regional facility in central North Carolina. It will provide rigorous training for the college's BLET (Basic Law Enforcement Technology) students, as well as law enforcement personnel and first responders from across the state.

UPCOMING PARK & RECREATION EVENTS

Saturday, April 20th from 5:00-9:00 pm
the Town of Green Level is hosting its first ever R&BBQ, food truck festival event, at the Green Level Municipal Park.
Crowning "Alamance County's Best BBQ!"

All are invited to come enjoy the music and festivities. Let's welcome in the Spring with good times, good people, and great food! Vendors application can be found at www.greenlevelnc.com

In 1920, the 19th Amendment gave white women the right to vote. For black women the 19th Amendment didn't end their fight to vote. The National Association of Colored Women, founded in 1896, help found the National Association for the Advancement of Colored People in 1909. Black suffragists fought for voting rights until the passage of the 1965 Voting Rights Act, which outlawed discriminatory voting practices. In March, Women's History Month is a time for reflection of the many contributions women have made and continue to advocate for.
